

Choice Care

by *Marcy Zwelling, MD*
Private Medical Services

Corporate Program

The benefits of concierge medicine are now available in customized plans for businesses.

Choice Care membership packages are available to businesses with five or more employees. A custom tailored package of private medical services is a great way to reward valuable staff and key executives. Our proactive approach to health care keeps you and your people healthy and happy. Flexible office hours, no-wait appointments and on-site seminars benefit employees and company alike.

"Are you lavishing care on sickness and injury? Corporate health care dollars are better spent keeping employees healthy and happy!"

-Marcy Zwelling-Aamot, M.D.

Keep Your Employees Healthy and Productive

Exclusive Corporate Options

The baseline corporate package includes full "concierge medicine" primary care services provided by Dr. Marcy Zwelling, as described in the enclosed Choice Care brochures. Optional benefits available to corporate members include:

- On-site seminars on health and wellness topics personally presented four times per year by Dr. Zwelling.
- Life Potential Program. This highly effective personalized preventative care program helps people kick bad habits and replace them with healthy habits. Corporate participants can join the program and get a Life Potential Profile during a Choice Care office visit. Companies may also choose to kick off the Life Potential Program with an on-site enrollment drive.
- Exercise and Fitness. Dr. Zwelling will design a medically sound fitness program tailored to the needs of your company.
- Diet and Nutrition. Dr. Zwelling and her associates will develop a program for your employees, which may include advising you on menu planning for cafeterias, vending machines or other on-site food service.
- Arrangements for on-site diagnostic services like blood testing and ultrasound screening.
